

# What our customers think of ClickLearn

Think that Clicklearn makes it easier and faster for users to become highly productive in IFS

State that ClickLearn shortens the learning curve and makes end-users more productive in IFS

45 Global IFS customers responded

Survey by Rostra Kommunikation og Research A/S, November 2020

If anybody comes to me and says they want to get IFS Applications, I would say to them, 'that's great, but to ensure you benefit from IFS Applications faster and even more efficiently, you've got to get ClickLearn also.'

*Erin Pidcock, Operational Development Manager, Multiplex  
(former IFS Training Implementation Manager at Multiplex)*

71%

Think that IFS should introduce all new customers to ClickLearn

## Top 3 Benefits of ClickLearn

61% IT time saving and increases productivity

64% Saves support desk time

67% Ability to deliver learning portals inside of IFS and in multiple languages is valuable

## Customer Satisfaction

Satisfied with the ClickLearn solution

Will recommend ClickLearn to other companies

Hands down, ClickLearn is the most efficient solution on the market for creating and updating user instructions both written and interactive
